

TOWNSHIP CHAMBER WILL TRY TO END HYDRANT SQUABBLE

A special meeting of fire chiefs of the township, the board of the Alameda County Water District and a representative from the board of fire underwriters is to be called within the next two weeks by the Washington Township Chamber of Commerce.

At their meeting at Newark on Wednesday evening the Township Chamber members recommended such a meeting as a possible means of working out standardization of fire hydrants throughout the area.

NEWARK ASKS AID

The action was requested by representatives of the Newark Chamber of Commerce following rejection by the water district of their request for standard type fire hydrants on Thornton Avenue. The district informed Newark by letter that they would install nothing but wharf-type hydrants at the locations.

Fire Chief Joseph Pashote of Newark was present at the meeting and read a portion of a letter received by the Newark Fire District in 1940 from the fire underwriters, stating that wharf-type hydrants counted as but half a hydrant in considering insurance rates.

The Chamber members present at Wednesday's meeting voted an endorsement of the recommendations made by the California State Chamber of Commerce on the proposed 11 amendments which will appear on the November 7 ballot.

TRAFFIC LIGHT REQUESTED

The group voted to request from the State Department of Highways that a traffic control light be installed immediately at the intersection of Highways 17 and 21 at Warm Springs. The danger of the intersection and the frequency of accidents there were cited by many of the members.

The next meeting of the Township Chamber will be held November 29 at the Warm Springs Elementary School.

CHAMBER PROTESTS NEW S. P. FENCE

The Centerville Chamber of Commerce, at its luncheon meeting Monday, endorsed a resolution protesting the fence which the Southern Pacific has erected along its property on Fremont Avenue in Centerville.

The petition, prepared by Jack Stevenson, requests the Alameda County Board of Supervisors to order an investigation to determine if the railroad is within its rights in placing the fence where it is now located.

Addressing the Chamber members Monday, Stevenson said, "My personal feeling is that construction of the fence was done in such a way as to become a hazard to auto and pedestrian traffic. The Southern Pacific should have allowed sufficient space for sidewalks and normal parking area."

EASTBAY FREEWAY COMPLETION DATE STILL BIG QUESTION

Just when the Eastbay Freeway will be completed through Washington Township is a prediction that even the California Division of Highways is reluctant to make.

This fact was revealed Wednesday in a letter from L. A. Weymouth, district engineer, in a reply to a request for information from Gene Manning, executive secretary of the Washington Township Chamber of Commerce.

In his letter, Weymouth said that funds for the extension of the freeway southerly from 98th Avenue in Oakland to Jackson Street, the highway which connects Hayward with the San Mateo Bridge approach, have been budgeted and should be completed early in 1952.

He also revealed that funds have also been budgeted for the "stage" construction of the freeway from Route 68, near San Jose, northerly to Warm Springs, and it is anticipated that this portion of the freeway should be completed in late 1952.

In his letter Weymouth stated, "Financing of projects is budgeted annually, thus we are in no position to predict when the portion between Jackson Street, near Hayward, to Warm Springs will be completed. It will, however, be provided as soon as funds become available and in relation to the urgency of other deficiencies in the county."

"In this respect it is anticipated that the portion between Jackson Street to Beard Road, midway between Centerville and Alvarado, will be completed prior to the portion between Beard Road and Warm Springs."

DR. FISHER OPENS IRVINGTON OFFICE

Dr. Robert B. Fisher has announced that he will open his medical office at 129 Mission Street, Irvington, on or about November 1.

Dr. and Mrs. Fisher, who reside near Decoto on the Niles Highway, came to Washington Township from Bakersfield last July and he had been associated with Dr. Lyle Buehler at Niles since that time.

Dr. Fisher, a graduate of the University of Southern California, served with the army during World War II, and prior to coming to Niles was a resident physician at Bakersfield County Hospital.

The building which formerly housed the Irvington Fountain is being completely remodeled and redecorated for the doctor.

NILES SCHOOL WILL REVIVE SCHOOL PAPER

A school paper, long extinct, is being revived again at the Niles school—for a very good reason! The student body needs additional funds to provide its glee club with choir robes.

The school paper will be known as "The Adobe," and will be expected not only to pay its own expenses but to show enough profit from advertising by local merchants (they hope!) to buy the aforementioned robes. The choir, under the direction of the new vocal teacher, Miss Mary Virginia Bristow, will appear publicly for the first time at the Christmas program.

The staff of "The Adobe" has been selected as follows: editor, Bill Bateman; assistant editor, Craig Bellati; business manager, Joe Boliba; and assistant business manager, Jean Hindmarsh.

COMMUNITY CHEST FAR FROM GOAL AS CAMPAIGN CLOSES

The Washington Township Community Chest drive, already in its second week of extended time for the campaign, is still far from its goal of \$7,525, according to Mrs. Stella Benbow, chairman.

Mrs. Benbow announced that she had received a total of \$2,035.53 from volunteer workers up to noon Wednesday. The advanced gifts division of the campaign, which includes the contributions of industries and large business firms, is expected to add another \$2,000. However, the total of those two figures still leaves approximately \$3,500 to be raised to attain the goal.

The campaign manager has announced that the drive will definitely close today (Friday) and has asked all community chairmen to turn in their contributions at that time.

She expressed hope that the amount yet to be turned in will close considerable of the gap between the amount now on hand and the goal.

She also appealed to all persons who have not had an opportunity to contribute to the campaign to give their donations to President Warren Gravestock, Treasurer Carl Christensen or Judge Allen Norris, advance gifts chairman.

A final tally of the amount raised is to be made Monday, Mrs. Benbow said.

RAINFALL CAUSES DAMAGE TO CROPS

Light rains here this week resulted in considerable property damage, both in highway accident toll and the tomato crop.

According to the rain gauge at the Southern Pacific depot in Niles a total of .75 of an inch was reported for the Monday, Tuesday and Wednesday showers. This total for the year, since July 1, is slightly more than the .52 of an inch recorded at this date last year but is far under the nine-year average of 1.30 for the corresponding period.

Tomato growers reported extensive damage to their crops and said that any additional rainfall will completely terminate the harvest.

Local shippers reported that their shipments of green tomatoes to eastern markets have been terminated.

Cannery officials said that they are continuing operations, but expressed doubt that the season would continue to run more than another week, dependent entirely upon the weather.

Many minor accidents, attributed to wet pavements and accompanying reduction in visibility, were reported by the highway patrol.

NILES MAN HELD ON NARCOTICS CHARGE

Estenban (Steve) Rengel, 44, 414 Third Street, Niles, was ordered held to answer to Superior Court when he appeared in Niles Justice Court Friday on a narcotics charge.

Rengel was arrested in a Decoto cafe on September 29. A pouch, which he allegedly had in his possession, contained 60 grains of marijuana, according to the testimony of officers. The officers also testified that they later searched his living quarters and found another 74 grains of marijuana.

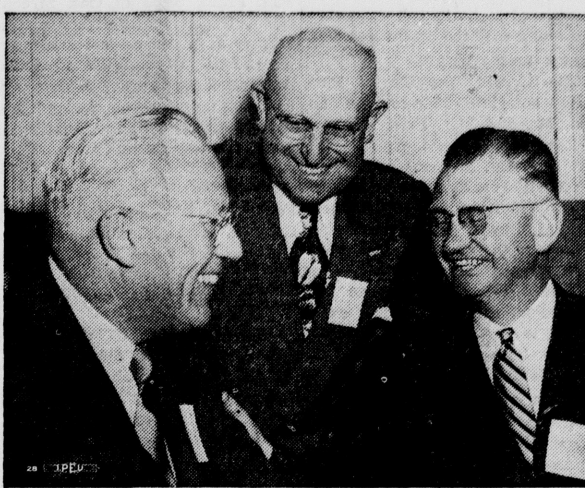

Rengel was released on a bond of \$500 pending his trial at Oakland.

V.F.W. AUXILIARY VISITS OAK KNOLL

A group of members of the Auxiliary of the Veterans of Foreign Wars, Post No. 8293 of Niles, visited Oak Knoll Hospital Monday evening and distributed cup cakes, ice cream and candy bars to patients in Ward 79B.

Entertainment was offered by Carolyn Rogers and Nina Silva, both of Niles, and the patients joined in barbershop quartet numbers.

Auxiliary members present were Mrs. Russell Davis, Mrs. Carmelina Perry, Mrs. M. A. McDermott, Mrs. Bert Owen and Mrs. Harry Allen.

DISCUSSING CAMPAIGN PLANS with Governor Earl Warren are Leon Solon, co-chairman, Niles (center), and Judge Allen Norris, Centerville, chairman.

HIGHWAY ACCIDENT TOLL HEAVY HERE

A series of highway accidents, attributed on the most part to weather and highway conditions, has kept the Township Ambulance busy for the past week.

Last Thursday evening Anne Kopac of San Jose suffered minor leg injuries when the car she was driving crashed into the rear of a house trailer on Highway 17 near the Santa Clara County line.

Saturday evening a San Jose youth, Emory Gove, received painful head injuries when the motorcycle he was riding collided with an automobile at the junction of Fremont Avenue and the Niles-Mission Highway.

Louis J. White of Monterey suffered head injuries Sunday afternoon when his auto sideswiped another car and then crashed into a bridge railing on Alquire Road near Decoto.

Mrs. Minnie Kenny of Monterey was slightly injured Monday when her machine left the highway midway between Irvington and Warm Springs and crashed through a fence.

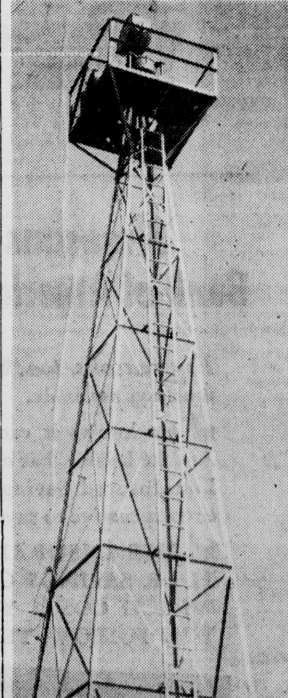

The injured persons were all taken to Fairmont Emergency Hospital for treatment.

Several other minor highway mishaps occurred but no injuries were reported.

CENTERVILLE CUBS PACK NITE MONDAY

The Centerville Cub Scouts will hold their Pack Night on Monday, October 30, at 7:30, at the elementary school. There will be skits and exhibits of crafts the boys have made.

The Indian theme was chosen for the month of October.

AHOY MATE . . . The picture above could be the lookout station aboard a battleship, but since Washington Township has no navy that is impossible. The object pictured above is in Washington Township. When you think you know what it is and where it is located, telephone The Register, Niles 3261 or 3271, after 9 a.m. today and you will win a cash prize if you are the first or twentieth to telephone and give the right answers.

Public Urged to Attend Civil Defense Meeting Wednesday

A basic outline for the formation of a civil defense program for the communities of Washington Township will be given by Sheriff H. P. (Jack) Gleason at a public meeting to be held in the auditorium of Washington Union High School on Wednesday evening, November 1.

The meeting, to get underway at 8 p.m., is one of a series to be conducted throughout the county by Sheriff Gleason in preparing the East Bay area for any emergency.

The meeting is open to all persons in the township, but the sheriff has asked specifically that Chamber of Commerce members, school administrators, public utility and manufacturing plant representatives plan to attend.

He stated that the basic outline for each community to follow, in an overall coordinated plan, will be given at the meeting. No appointments of chairmen or directors will be made at the meeting. It will be up to each community to select a director and set up its own system as soon as possible.

In announcing the meeting, Sheriff Gleason said that it should not be confused with the Sheriff's Reserve, which is being formed here. Candidates for the Sheriff's Reserve should attend the meeting but the classes for that group will not commence meeting until mid-November.

Of prime importance to this area, according to the sheriff, is mutual aid and mobile support between communities.

Also included in the outline for civil defense will be the establishment of air raid warning service; shelter service; warden service; health services; welfare services; transportation; communication and civilian auxiliaries to military activities.

Gene Manning, executive secretary of the Washington Township Chamber of Commerce, this week expressed the hope that the auditorium of the high school would be filled to capacity for the meeting. He stated that he had requested all patriotic, civic and social organizations of the township to have as many representatives present at the meeting as possible.

KOREAN ADDRESSES NILES ROTARIANS

Koreans want a hands-off United Nations policy on both sides of the 38th parallel, Korean Consul General Young Han Choo informed the members of the Niles Rotary Club and guests at a luncheon meeting here yesterday.

"One thing is to win the war and another thing is to win the people," he said. "The United Nations armed forces won the war in Korea but are not winning the people."

"The action taken by the newly created United Nations Interim Committee in Korea under the leadership of Australia, which bars the government of the Republic of Korea to rule over the north of the 38th parallel, already has alienated the people of Korea."

He said his countrymen will not accept the military government set up by the U.N., stating that they will resent any foreign rulers over them when there is a legitimate government of their own in the south.

"The U.N. should not undertake any Korean political problems without consulting with the Korean government leaders. Koreans are a proud people and no one should tramp upon their rights," he said.

He told of the cost of the war to the Koreans, "over two million homeless, hundreds of thousands of children parentless, homes, villages and cities bombed out—yet out of the tragic war Korea will become a united nation," he concluded.

LINEMAN SURVIVES HIGH VOLTAGE SHOCK

Tony Ellis, 8395 Pine Street, Castro Valley, a P. G. & E. lineman, had a close brush with death Wednesday morning while working on a power pole on the P. G. & E. Road near Irvington.

Ellis was working on a pole when a wet rope he was carrying fell across a 12,000 volt power line. He suffered no burns but was rendered unconscious by the high voltage which flashed through his body.

He was rushed to the office of a Niles doctor, in the Township Ambulance, where he was revived.

PICTURE PUZZLE STUMPS GUESSERS; ONLY ONE WINNER

For the first time since The Register began its "Guess Where" contest, some two months ago, last week's mystery picture stumped the "experts" who have enjoyed the guessing game and complained that many of the pictures were "too easy."

Unlike past weeks, when both telephones at The Register office were kept busy with contestants phoning in their answers, only two persons called last Friday and ventured their guess as to the identity of the picture and its location.

DECOTO MAN WINS

First-prize winner, and only winner for last week's contest, was Leonard Smith of 907 10th Street, Decoto, whose call was recorded at 10:15. One previous call failed to give the correct answers.

Smith correctly identified the picture as the hand railing along the pedestrian walk of the Bell Ranch Bridge on Decoto Road.

By virtue of his winning last week's contest, Smith added a fourth community to the list of prize-winners. Thus far cash awards have been paid to residents of Irvington, Niles, Newark and Decoto for correctly identifying pictures in the "Guess Where" contest.

EASY TO PLAY

This week's picture is not such a puzzler, but, contestants might encounter difficulty recalling where they have seen the mystery object. Like all other pictures used in the contest, the mystery object is located where it can easily be seen by the public.

When you think you know the identity of the subject of the picture, and where it is located, telephone The Register, at Niles 3261 or 3271, after 9 a.m., and if you are the first or twentieth to call and give the correct answers you will be mailed a check for \$2.50. It costs nothing to play the game, but act promptly!

TOYON BRANCH TO MEET ON THE PENINSULA

Mrs. MacRae, a former township resident, was also a member of Toyon.

Don't Be Fooled!

Proposition No. 6 is no "pension measure"!

It makes no change in pension eligibility requirements.

By licensing every known form of commercial gambling, and taking a cut from the profits, Proposition No. 6—according to its promoters—would provide a new fund for payment of present pension benefits now being met by general taxation.

But before one cent would be paid for pensions, all expenses of a newly created, self-chosen 5-Man Gambling Commission would have to be paid in full!

Under Proposition No. 6, gambling spots would be exempted from local taxes—yet local communities would be burdened by the huge cost of increased police protection against the horde of racketeers, gangsters and hoodlums that Proposition No. 6 would attract to California.

NILES NEWLYWEDS RETURN HOME AFTER TRIP TO SOUTHERN CALIFORNIA

Mr. and Mrs. Donald Andrade have returned to Niles after a honeymoon taking them to San Diego, Los Angeles, Tia Juana and other interesting southern cities. They are making their home at 709 Main Street.

Married at the Corpus Christi Church on October 15, the bride, the former Shirley Butler, was given away by an old friend of the family, Leo Hopper of Albany.

The double-ring rites were performed before an altar banked with white gladiolas and white chrysanthemums. White satin ribbon and white gladiolas were used as pew markers. Corpus Christi choir furnished vocal selections.

The bride wore a becoming white satin gown, styled with long sleeves, trimmed with lace, and fashioned with a Johnny collar. A long train, and a finger-tip veil of nylon completed her ensemble. She carried a bouquet of white carnations, and bouvardias, centered with an orchid.

Her sister, Mrs. Dorothy Chamness, was matron of honor and wore a lavender satin gown, with a headpiece of flowers corresponding with her French bouquet of yellow carnations, tied with lavender ribbon. She was the lucky one who caught the bride's bouquet.

The bridesmaids, Mrs. Pauline McIvor and Miss Jean Duarte, were gowned in Nile green satin, wearing headpieces of yellow carnations, and bouquets of the same flowers, tied with Nile green ribbon.

The flower girl, Judy Souza, wore white satin, and carried a bouquet of yellow carnations tied with Nile green and lavender ribbon.

The bride's mother, Mrs. Alex Butler, was in a forest green suit and with it she wore a matching hat and brown lizard accessories. The bridegroom's mother, Mrs. Joseph Andrade, was also attired in a green suit, and wore brown lizard accessories.

Doing best man honors was Joseph Lewis, and the ushers were Vernon Vargas and Bob McIvor. Approximately 200 guests attended the reception which was held at the Country Club, and enjoyed the music of Frank Pinto and his orchestra. The club house was decorated in floral arrangements of white gladiolas and white chrysanthemums. The four-tiered wedding cake was topped with the traditional miniature bride and groom.

The bride and groom have both returned to their respective jobs, she at the offices of the Pacific States Steel Company; and he at the Clyde T. Lindsay Company.

HERE'S CHANCE TO LEARN SPANISH

Ever think of taking a trip to Mexico?

You have, if you're an average American. Most Americans, in the past few years, have expressed a desire to visit the country across the southern border. Many of them definitely plan on it.

For this reason, the Spanish language is becoming increasingly popular. For those who have been to Mexico are in accord when they say you'll do far better if you know something of the language. You will not only save money by being able to bargain, but your trip will be made decidedly easier.

With this in view, township residents will undoubtedly be delighted to learn that they can now learn conversational Spanish—the kind you'd use if you went to Mexico—at an evening class at Washington High School.

Even if they don't intend to travel, they'll find they can use Spanish right in our own area. The class will start next Tuesday evening, and will be in session

and fight he had when he was playing on the California Golden Bear team.

NEW SCOUT LEADER

Mrs. Marty Dalby has taken over the Girl Scout Troop that had previously been supervised by Mrs. Charles O'Malia. She is planning a full time activity program for the girls and your reporter will keep you informed about the same. Mrs. Dalby will be assisted by Mrs. Dolores Kirk.

from seven to nine o'clock. It will be under the instruction of Miss Cora Perez, who speaks Spanish as fluently as she speaks English. She is a graduate of San Jose State and is a teacher at Washington High.

Those who wish to avail themselves of this opportunity should be on hand next Tuesday night. There is no charge.

Thinking Things Over...

By VIVIAN BATMAN

Our new librarian at Niles says she has never been in a town where the people are so gracious and friendly.

Every time I put something of this nature in the paper it starts an argument. Some people say Niles is unfriendly. Personally, I think it depends on the person. If you smile, people will smile back at you. If you show an inclination to want to be friendly, you will receive friendliness in return. Anyhow, that's what it says in all the books.

But to get back to the original premise. I agree with the librarian. When I first came to Niles, I thought I had never been in such a friendly place. I haven't changed my mind.

A SAD FAVORITE

Speaking of the librarian reminds me of books. What book, of all you have read, do you remember best?

The one which made the most lasting impression on me was one I read when I was about nine years old. It was "The Little Lame Prince." I suffered through it time and again, until I was about twelve. It was the saddest thing—I thought then—that I had ever read. I haven't read it since I became an adult. I wouldn't want to. It probably wouldn't seem at all sad now, and I would be completely disillusioned.

LEARNING VIA LABELS

Are you a label reader? I've discovered that a method to kill time has become quite profitable to me. I read all the labels—on catsup bottles, pickle bottles, and mustard jars—anything that is written on a bottle that happens to be placed on a table in front of me.

I also read all the ads that line the sides of buses and street cars. Yes, and when I'm completely bored I read all the directions on aspirin bottles and the little pamphlets that come folded up with face powder and cold cream.

Before you come to the conclusion, "That woman must be a moron. Has she nothing better to read?" let me explain that it isn't exactly a college education, but you'd be surprised how much you can learn by reading labels.

SEVENTH GRADE LOVE

A man came into the office this week and was surprised to learn that I knew what B.T.U. means. It was one of the things I remember learning in the seventh grade. The only other thing I remember about the seventh grade was that I was completely enamored—for two whole weeks—of the boy who sat in front of me. He could wiggle his ears! This muscular achievement fascinated me. After two weeks, however, the accomplishment began to pall and I resumed my memorizing of twelve lines from Longfellow's Evangeline, and forgot all about the boy with the wiggling ears. Which proves again that woman's heart is ever fickle.

Mr. and Mrs. Kenneth Gregory of Irvington are receiving congratulations this week upon the birth of their second son, Keith, who was born at San Jose Hospital Saturday. The baby weighed seven pounds. His brother is seven-year-old Kenny Ray.

BARBARA WILLIAMS BECOMES BRIDE AT CEREMONIES AT ST. CLEMENT'S CHURCH

The natural redwood interior of St. Clement's Episcopal Church in Berkeley, decorated with a high standard of white gladiolas and gardenias and large Woodwardia ferns, served as the setting for the marriage last Sunday of Barbara Williams, daughter of Mr. and Mrs. L. S. Williams of Irvington, and Kenneth Morrissey.

Preceding the bridal party down the aisle, two altar boys unfolded a carpet of white, as the wedding music heralded the entry of the procession. The carpet of white was spread over the red carpet ordinarily used, thus providing a significant and effective little ceremony that added to the impressiveness of the wedding rites.

The bride wore the traditional white satin, a floor-length gown fashioned with satin bodice, full skirt, and overlay of nylon net. A small head-band held a fingertip veil in place, and she carried a bouquet of lilies-of-the-valley, with a white orchid center.

The bride's sister, Rachel, the honor attendant, was in a floor-length, palomino-colored satin frock, and carried an old-fashioned bouquet of bronze and pink chrysanthemums, with a center matching her gown.

The other two attendants, Mrs. Robert Lindauer and Jean Rogers, were both in pale green satin, and also carried old-fashioned bou-

quets similar to the maid-of-honor's.

Mrs. Williams selected a gown of light gray crepe and lace for her daughter's wedding. With it she wore a dusty pink hat and gloves, and a pink orchid corsage.

The bridegroom's mother was in a mauve taffeta dress, accented with dusty-pink accessories. She, too, wore a pink orchid corsage. Phillip Morrissey did best man honors for his brother, and the ushers were three fraternity brothers of the groom, who is a University of California graduate.

Anna Belle Brown, a young professional soprano who was the bride's roommate at college, was the soloist. She sang "Ave Maria" and "The Lord's Prayer."

Following the ceremony, a reception was held at the Century Club. The receiving line stood before a back-drop of green velvet covered with a shower of gardenias. The room was decorated with white chrysanthemums and Woodwardia ferns used in effective arrangements.

The couple will make their home temporarily in Sacramento following their honeymoon, but will soon move to the bay area where Mr. Morrissey, an engineer with the Continental Can Company, is being transferred. The newlyweds are both graduates of the University of California.

Liquid Gold

It means a better living for you
... for all California

Here's Herman Dickman, head of the Agricultural Department of Lodi Union High School. His job is to turn out tomorrow's successful ranchers and growers. A substantial portion of the funds that support San Joaquin County Schools comes from P.G. and E. taxes. And, P.G. and E., by the way, is California's largest property taxpayer.

Paul Bertoli of Santa Rosa, like thousands of other California truck gardeners, cannot afford to wait for the rains; depends, instead, upon ample low-cost electric power to operate 3 deep-well pumps to flood his acres. So electric power shall continue ample on farm and in city alike, plentiful reserves have already been provided by P.G. and E.'s \$800,000,000 postwar expansion program, with still more facilities being built.

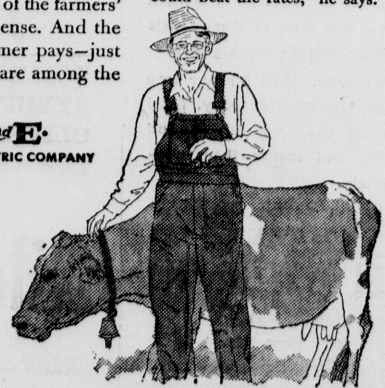

Le Roy W. Snyder is a Pump Test Engineer in our Stockton Division. His job is to see that customers' pumping plants deliver the maximum amount of water at the minimum cost. P.G. and E. maintains 9 pump testing crews, saves many thousands of dollars for its customers, makes no charge for the 7000 tests it runs annually.

Irrigation water is California's liquid gold. Pumped onto farm land in P.G. and E. territory it increases average annual per-acre crop values twenty times!

This water, electrically pumped, helps grow 231 different crops; it has done much to make agriculture the basic industry of the state, with a gross annual farm income of 2 billion dollars. This huge sum flows into the channels of trade, creating jobs and prosperity in the cities as well as on the farms.

Yet, P.G. and E. electric power for irrigation pumping on the farm is so low in cost that, on the average, it constitutes only 3.5% of the farmers' crop production expense. And the rates the average farmer pays—just as the rates you pay—are among the lowest in the nation.

HUSKIES IN ACTION . . . In the top photo Fullback Pagan can be seen bulldozing his way to the Huskie's goal line, in the foreground, in their game against Bellarmine last Friday night. Quarterback Jack Ferraris, No. 82, leads the play. Pagan's charge took him to the one-foot line and he scored on the following center-line smash. The lower photo bears evidence of the Huskies' speed in getting downfield under George Silveira's punts. Shown smothering Bellarmine Quarterback Baldacci (No. 35) on the punt return, are Alexander (No. 16), Bribes (No. 99), Bob Preciado (No. 96), Davis, facing camera, and Zeisse, at the bottom of the pile.

HUSKIES SHOW MARKED IMPROVEMENT; DOWN BELLARMINA 18-0; PUPPIES LOSE

A greatly improved Washington High School varsity football squad scored an 18 to 0 victory over the Bellarmine Bells on the home field Friday evening. The Puppies, however, suffered their first defeat of the season, losing by a one-point margin, 7 to 6, to the Bellarmine lightweights.

The Huskies looked stronger in every department last week, but the hard-charging Huskie line was the margin of difference between the two squads. The Bells were unable to move through the Huskies' defensive line and the offensive linemen ripped huge holes through the Bell's forward wall.

George Pagan, Huskie fullback, was forced to perform double duty Friday night with his line-smashing running-mate, Sabe Elizarray, benched because of a knee injury. Pagan proved himself to be one of the hardest hitting fullbacks ever to wear the orange and black, smashing the Bell line for consistent gains. He plunged over for the first Huskie score, set up the second with a long pass to Cicairos and passed to Cicairos for the third Washington tally.

PUPPIES OVER-CONFIDENT

The Puppies, suffering from an acute case of over-confidence, dropped their non-conference game for their first loss of the season. Said Coach Irving Hird following the game, "We had it coming. I'm only glad that it wasn't a conference game." The Puppies have a perfect standing in the S.C.V.A.L. with two wins and no losses.

Tonight the two squads will journey to Sunnyvale for two conference games against Fremont. Dopesters favor both Washington squads to win. Fremont varsity was trimmed 38 to 7 by Los Gatos last Friday and the Indian 30's suffered a 13 to 0 defeat.

As in past performances, the Huskies could not get their offense rolling in the opening quarter of Friday's game. In the closing minutes of the quarter

the Huskies took possession of the ball on their own 40-yard line.

Coaches Jud Taylor and Clyde Voorhees then gave the nod to Pagan to open up with his passing attack. Pagan's first pass to Galvan clicked for 30 yards. Then Pagan tossed to Silveira on the

STATE OPENS AREAS FOR DUCK HUNTERS

No place to shoot during this year's waterfowl hunting season? California's "unattached" duck hunters—who make up the majority of the 169,000 hunting stamp buyers—have been invited by the Division of Fish and Game to try their luck on one of the state's 11 public shooting grounds. With the first half of a split waterfowl hunting season in full swing, a total of 26,911 acres of state and federal waterfowl management areas are open to free public hunting.

In the order of importance, the Division listed the following tips to the non-club hunter seeking a place to shoot: Obtain a free printed copy of waterfowl management area regulations from a Division of Fish and Game office or license agency; Purchase a state hunting license and a federal duck hunting stamp; Make plans to show up early at the registration station located near the chosen shooting area, as all are operated on a "first come, first served" basis.

GRAND NATIONAL OPENS TODAY IN SAN FRANCISCO
The Grand National Livestock Exposition, Horse Show and Rodeo will open tonight (Friday) at San Francisco's Cow Palace for a ten-day run. There will be performances of the great arena show nightly through November 5, with matinees on Saturdays and Sundays. Grand National fans living outside the San Francisco bay area are able to purchase reserved seat tickets for the arena show at all Pacific Greyhound ticket agents.

Bell 13-yard line as the quarter ended.

In a series of three line smashes Pagan fought his way over the goal for the first score of the game with the second quarter two minutes old.

In the closing minutes of the second quarter the Bells advanced to the Washington 7-yard line where the Huskies staged one of their invincible goal-line stands, holding the Bells to two yards in four plays as the half ended.

The Huskies sprung a new offensive formation in the second half, using a man in motion, and chalked up another touchdown early in the third quarter with Cicairos passing to Silveira.

Early in the fourth quarter Jack Bribes, Huskies fullback, recovered a Bell fumble on the Bell 20-yard line. Pagan smashed to the 9-yard line and passed to Cicairos for the final score.

All of Salvador's attempts to kick extra points failed, two being blocked and one going wide of the uprights.

Sparks from the Steel Mill

DUCK HUNTER

Emerson Ferrell of the maintenance department tried his luck at duck hunting last week without much success. He is now negotiating for an anti-aircraft gun from the U. S. Navy.

BIG ONE
Howard Nelson of the electrical department caught a 22-pound bass that almost pulled him into the river. When he showed it to Dick Pickering, right away Dick said, "That's the one that got away from me."

IN SOCIETY
Joe Avilla of the brick department banged heads with High Society. He spent the week-end at Carmel-by-the-Sea, and went through the 17-mile drive where he saw Bing Crosby and shot a few holes of golf with him.

GETS AHEAD
Tom Marshall of the rolling mill has really moved in. He is known as the Buggy Seigel of Southern Alameda County.

ON JOB AGAIN
Norberto (Albert) Alvarez is back in the roll shop after an extended convalescent period. **VISITS THE FAIRIES**
Frank Stewart of the machine shop, and family, together with

in-laws, E. W. Ohlsen and son, took in the Children's Fairland at Lakeside Park, Oakland, last Sunday. We don't know who enjoyed it most, but we heard Frank was looking at the Three Little Pigs with that "barbecue" stare.

BACK FROM VACATION
Pete Gilli of the machine shop is taking care of his brand new job after a month's vacation.

YAKETY-YAK
First it was "yakety-yak" about deer hunting, around the plant; now it's "yakety-yak" about duck hunting. When will it end?

NEW TITLE HOLDER
Joe Downs of the machine shop had to relinquish his "old timer" title this week; he is 66 years young. A new machinist, Al Middleton, age 69, has taken the crown. Al served his apprenticeship in 1894 at the old Union Iron Works in San Francisco.

GETS DEER IN SIERRAS
Bill Davis, of the 16-inch mill, and his wife returned from a week's vacation at Sardine Lake in Sierra County. It was the last week of the deer season and Bill brought back a four-point buck. They then entertained their respective families with a venison barbecue. Bill was the chef.

NEW 4-H OFFICERS

The 4-H Club of the Mission Elementary School met for their election of officers and other general business on Wednesday evening, October 18, at the school, and proceeded to place Nadine Millard as president, Richard Vargas as vice-president, Becky Overacker as new secretary, and Marilyn Rodriguez, treasurer. Andy Millard will be reporter for the activities through the year, while Albie Santos will be song leader and Joanne Reis is the game leader. Their first activity of the year

will be a paper drive to secure funds to help them in other activities this year. Their new leader for the coming term is Frank Vargas, who last year proved very helpful to all the group and who also has charge of the poultry activities. Irma Vargas and Mary Rodriguez have the cooking, Teenie Albert the gardening, and Hazel Millard will be active in any and all of the projects for the year. Irma Vargas has a U.N. flag kit and it will be made and put into use at the school very soon along with our own American flag and our state flag.

celebrated their tenth anniversary on the 26th of the month while Mary Rogers celebrated a birthday on October 24.

NEW HELP
Miss Regina Schneider is now the new hasher, or should I say soda jerk, at Helen's Fountain here in the Mission, taking the place of Amelia Heckman, who has left our vicinity.

HOUSEWARMING
Monday evening at the new and very cunning home of Mrs. Velma Valencia, formerly Velma Telles of the Mission, now living in San Jose, a group of ladies met for a housewarming, with Mrs. Don Hayes of the Mission and Mrs. Marie Cunha of Centerville, her sisters, acting as hostesses. Several games were played and much talking over old times took up the evening. Pirate bingo rounded out the evening before refreshments of sandwiches, pickles and olives, coffee and cookies were served. An envelope containing cash was given to the honored guest for something nice for her home. Those present were: Aldina Garcia, Beverly Medeiros, Belle Monte, Mamie Medeiros, Doris Alcaraz, La Verne Vallenga, Irma Vargas, Adeline Harvey, Verna MacBride, Fern Overacker, Florence Thompson, Estelle Telles, Lois Bottenberg, the honored guest, Velma Valencia, and the two hostesses. Others invited and unable to attend were placed on the nice card given to Velma.
